Fiscal Estimate Narratives

DCF 9/11/2015

LRB Number	15-2911/1	Introduction Number	SB-238	Estimate Type	Original
Description Billing the Medical Assistance program for prescription drugs by certain entities					

Assumptions Used in Arriving at Fiscal Estimate

The bill requires certain family planning projects and certain entities that receive funds related to treatment of sexually-transmitted diseases or tuberculosis to charge the actual acquisition cost of a prescription drug and the standard medical assistance dispensing fee when billing the medical assistance program for reimbursement.

The Department of Children and Families does not anticipate that this would have a financial impact on any programs administered by the Department.

Long-Range Fiscal Implications
